- The maximum handicap index that can be allocated to a golfer is 36, unless otherwise noted by the Golf Committee.

Ties:

Unless a playoff is specified in the rules of a Tournament, ties will be broken by a scorecard playoff. The USGA recommended procedure of matching cards is as follows: the winner will be determined based on best total score for the last nine holes. If a tie remains, the winner

will be determined based on the last six holes, the last three holes, and finally the 18th hole if necessary. If a tie still exists after following this method, the match of scorecards will go to the number one handicap hole and proceed until a winner is determined.

Stone Canyon Local Rules Sheet

Desert Rule - If your ball has been hit into the desert, you may treat it as a Red Penalty Area. The desert is defined by where the grass on the golf course ends, and the desert begins. This includes all rock outcroppings inside the fairway and rough. If there is a cart path between the edge of the grass and the edge of the desert, the desert begins at the edge of the cart path and the edge of the desert. Should the cart path be surrounded by desert on both sides, the cart path is deemed to be inside the penalty area and there is no relief from that cart path in this situation. The washes on holes two (2), twelve (12), and fifteen (15) are to be played by the same rule. Relief is the same as a Lateral (Red) Penalty Area. USGA Rule 17.

Drop Zones: Drop zones will always be marked for Tournament play. They are marked by a white circle, with DZ, painted inside the circle.

Penalty Areas: All penalty areas will be defined by either a red line or a set of stakes. Please make sure to follow the USGA rule (Rule 17),

Stones in Bunkers: Stones in bunkers are moveable obstructions, you are allowed to move them.

Greenside Sprinklers: A player may take one club relief no nearer the hole and not on the green from a greenside sprinkler if the following conditions are met: a) the ball lies off the green, but not in a Penalty Area. b) The sprinkler is within two club lengths of the green or on the green and the ball lies within two club lengths of the sprinkler. c) The sprinkler intervenes on the line of play between the ball and the hole.
